Regina Crane Training Schools

Regina Crane Training Schools - We have designed various Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the skilled operator who requires re-certification or certification, and for inexperienced operator who is looking for a job in the industry. Positions for crane operators are high due to their high pay. Crane operators are amongst the highest paid of any operator of heavy machine.

Our Crane Training Schools include training and instruction for a wide variety of mobile cranes. Course content comprises Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Rigging, Signaling and Load Charts.

The Crane Training School program is suitable for supervisors, operators and riggers. Course materials include an informative and manual hand-outs. The safety instruction manual which is illustrated features one hundred to two hundred fifty pages, which depends on the course, of useful and essential material. Course materials include load exercises and load charts for the crane with which the trainee is working.

Hands-On Safety Training would take up more than half of the course curriculum. The practical training section is the most useful method to developing and improving personal skill levels. Just qualified journeyman crane instructors are selected to teach the courses. Our instructors possess many years of experience in the industry.

For all the course we offer, we can include optional testing mechanisms to customize your training. A skills test is usually administered for programs which consist of H.O.S.T. Trainees would be graded and tested.

Certification Training Programs: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Articulated Boom/ Knuckleboom Cranes; Rigging / Signalperson Certification and Training; In-The Seat Training and Certification & Testing.
